The screenshot shows the XENTRY software interface. At the top, there is a header bar with the XENTRY logo on the left and the Mercedes-Benz logo on the right. Below the header, the main content area is titled "System settings". On the left side, there is a navigation menu with several categories: "General", "Feedback", and "Vehicle determination". Under "General", the option "System and data version of XENTRY diagnostics" is selected and highlighted in blue. The right side of the interface displays the details for this selected option, showing a list of version information:

System and data version of XENTRY diagnostics	
22.10.2.3	XENTRY Diagnostics version
12/2017	Data release of XENTRY Diagnostics
1.3.3.0	Software version of ASAM server (CAESAR)
8.13.25	Software version of ASAM server (Softing)

Below this list, there is an "Information" section with the text "System and data version of XENTRY Diagnostics".
